INVITATION CARD

I would like to invite you to the **ESF6 CIA international project conference**, which we manage

on 2. June 2010. in the **Corso Hotel Pécs****** room of conference (Koller u. 8, Pécs, 7626, Hungary).

The conference will be organised as the closing event of the international project called "ESF 6 CIA – Capitalising Innovative Approaches", implemented in the framework of the INTERREG IVC programme. During the two years of the project we had the opportunity for in-depth professional consultancy and change of experience with renowned international partners. As a result of the project, all partners will elaborate their action plan promoting the desired change of the labour market situation.

You can read more on the www.esf6cia.eu website.

You can find attached the programmes of the conference and the registration card which we would need to provide your participation. If you want to take part in the conference then send the registration card back for us as soon as possible.

We do hope that you will accept our invitation and that the European Capital of Culture can greet you in Pécs as a guest!

13. May 2010, Pécs
